\* Please note that the auger drive bracket may need to be modified to work properly with other brand auger drives.

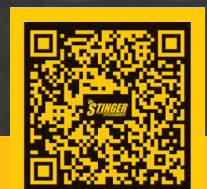

The Stinger Attachments Cement Mixer is a handy tool for small masonry work. It can mix anything from cement to fertilizer. It fits quickly and easily to your Stinger Auger Drive and mount, so no need to purchase additional components to your existing Auger Drive for hole drilling. Ideal uses include mixing cement, mulch, animal feed, fertilizer. Compatible for Skid Steers, Front End Loaders and Tele-Handlers.

### Package 1 (Complete)

This comes complete with Skid-Steer Frames, our 3DSS Auger Drive and mixer bowl (small or large)

### Package 2 (Mixer Bowl/Cradle Only)

This comes with a small or large mixing bowl and cradle to fit your already owned Stinger Auger driver unit with 2" Hex Shaft.
