**PROPER BLAST REQUIRED**

The Stinger Attachments Compact Pallet Fork is a heavy-duty design. It is designed for compact tractors and smaller skid steers 20-50 hp with a loader lift capacity of 800-3000#. It features a strong, yet lightweight design that allows for maximum lift performance and convenience. It was designed with a lighter target weight in mind to allow this category of machines to effectively lift and carry a safe load yet maintain the strength to last and perform. It features a see-through guard for user functionality and ease of use. It also features a bolt-on mount design allowing for flexibility with multiple carriers. We currently offer Universal Quick-Attach and John Deere 100-400 Series mount styles. All frame materials are made in the USA and fabricated at our manufacturing facility. The Stinger Attachments Compact Pallet Forks are a must have to complete your accessory package for your machine.
