MANURE SPEAR:

SIZES

■ 60" ■ 68" ■ 76" ■ 84"

**MULTIPLE CARRIER MOUNTS AVAILABLE.
PROPER BALLAST REQUIRED.**

The Stinger Attachments Manure Spear is ideal for livestock producers. It works excellent for getting under loose or matted material such as livestock bedding or silage. This bucket is also versatile enough to work effectively in a variety of other tasks including trees, brush and debris removal. The tines are reinforced to ensure a long life to this bucket. In the event at tine gets bent or broke they are completely replaceable. Available with 2" x 40" heavy duty cold rolled tines or 43" Conus 2 bale spears.
